For Immediate Release

## **MACtac® and Meridian Manufacturing Corp. Announce Joint Warranty**

**Stow, OH – Fall 2002** – MACtac Decorative and Distributor products recently announced a joint warranty with Meridian Manufacturing Corp., makers of Canopy™ Plus and Canopy™ FS Backlit Sign and Awning Fabrics. The seven-year warranty covers the use of MACmark® outdoor pressure-sensitive vinyl films 9700 PRO (high performance, translucent) and 9800 PRO (high performance, opaque).

According to Kris Whitson, General Manager, the warranty will immediately impact customers. “By engineering our Canopy™ products to specifically work with MACtac’s vinyl films, we’re able to provide customers with a complete solution,” says Whitson. “They’ll have a high quality awning, a robust vinyl and long term confidence that the job will perform.”

The warranty applies to vertical or near-vertical mounted canopy installations. For more information on the conditions of the warranty, please call MACtac at 1.877.393.9032.

(more)

Meridian Manufacturing Corp., a leading manufacturer of laminated vinyl fabrics, has led the development of the backlit sign and awning fabric market. Canopy™ Plus, the industry's longest lasting backlit sign and awning fabric, features Rexam's Fluorex-P, a PVDF overlamine film. The history of this product has shown that the benefits of Fluorex-P are unequalled in the industry as is its industry-leading twelve-year warranty.

MACal 9700 PRO is part of the MACmark line of computer-aided vinyl signage for fleet marking, equipment identification, container decals, window graphics and other outdoor applications. Recommended for marine graphics as well as durable outdoor signage applications, MACmark 9800 PRO is a highly conformable film with a high gloss finish.

MACtac, a leading supplier of pressure sensitive adhesive materials, offers solutions for a wide range of industries including printing, graphic design, packaging, digital imaging, photographic, assembly engineering, medical and communications. MACtac is a subsidiary of the Bemis Company, Inc., the largest flexible packaging supplier in North America. Headquartered in Stow, Ohio, MACtac is a global company with manufacturing and distribution facilities in several countries. For more information, please visit [www.MACtac.com](http://www.MACtac.com).
